## O dogodku

Cilji delavnice so vzpostavitev tradicionalnega srečanja umetnikov iz celega sveta in povezovanje profesorjev in študentov iz različnih strok in delovanje na različnih projektih, ki bi koristili tako promociji Notranjskih občin, kot tudi vsem ostalim okolišanom, ki se ukvarjajo z turizmom in kulturo.

Vajkard bo letos potekal drugič. Kot lansko leto se bomo zbrali ob lovski koči v Rakovem Škocjanu, kjer se bo odvijalo večino naših dejavnosti. Prvi dan bomo posvetili spoznavanju in aklimatizaciji vseh novih in starih članov delavnice in postavljanju kampa, nato pa bomo štiri dni raziskovali okolje in naravne znamenitosti. Tretji del delavnice pa je namenjen kreiranju. Ta del bo trajal pet dni. 28. julija bomo delavnico zaključili in pričeli s pospravljanjem tabora in pripravo razstave, ki bo tako kot lansko leto postavljena v gradu Snežnik v Loški dolini in bo trajala do konca avgusta. Odprtje razstave bo v petek, 31. julija 2009.

*Projekti, ki se bodo izvajali na delavnici so:*
